Subject: Re: MEDIA REQUEST: Treasure Island Cleanup

Thank you, Rusty. I appreciate your assistance. it's been quite difficult getting folks to share information or interview with us. It's helpful to know who exactly is involved. Thank you.

Hi Jasmin:

I was forwarded your email regarding your interest in doing a story on the Treasure Island cleanup, and our agency involvement. EPA is not the regulatory agency overseeing this cleanup; it is being conducted by the US Navy under the authorities of the CA Department of Toxic Substances Control. Here are the appropriate press officers to contact from their organizations:

Sandy Nax, CA DTSC: [916-327-6114](tel:916-327-6114)

Lee Saunders, US Navy: [619-532-3100](tel:619-532-3100)

I hope they can help you with your story. Please let me know if you have any other questions.

Rusty
